About

Rimso Foundation

Rimso Foundation was founded in 2008 as one of the leading renewable energy service provider in Bangladesh. Rimso Foundation is a social enterprise of Rimso Battery & Co. Pvt. Ltd.

Rimso Battery & Co. was founded by Late Beni Madhab Chanda in the year 1964. During those days, the company was involved in manufacturing battery plates only, which serves as a major component of a lead acid battery.

Later after Mr. Beni Madhab Chanda passed away, his son Mr. Bimal Kumar Chanda took over the company and transformed it into one of the leading Lead-Acid Tubular Battery Manufacturer of the country. Rimso Battery & CO. is mostly known to be a key producer of Solar Industrial Battery. Quality is the key to success and to be established as a popular brand. This had resulted Rimso Battery to be one of the leaders in manufacturing Tubular Lead Acid Battery.

Since 2009 Rimso Foundation has been enlisted as a PO of IDCOL (Infrastructure development company limited) and started activities to provide renewable energy generated electricity facilities to the people who deprived of electricity in remote rural areas.

Rimso Foundation works as an EPC contractor on Renewable energy projects. As an EPC we have installed 1.1 Megawatt solar rooftop power plant at Fareast Spinning Industries Limited. It is one of the Largest Rooftop Solar Projects in the Industry sector in Bangladesh which is running very successfully.

Rimso Foundation also working in 15 Upazila's from 2015-2016 for Government TR-Kabita Solar Project implementations. Under TR-Kabita project all together we installed 3.6MWp solar System (Solar AC system, Solar Home system, solar Pumping system and solar Street light).

Objectives

We are always devoted to acquire customer's satisfaction with the help of customized solutions delivered on time.

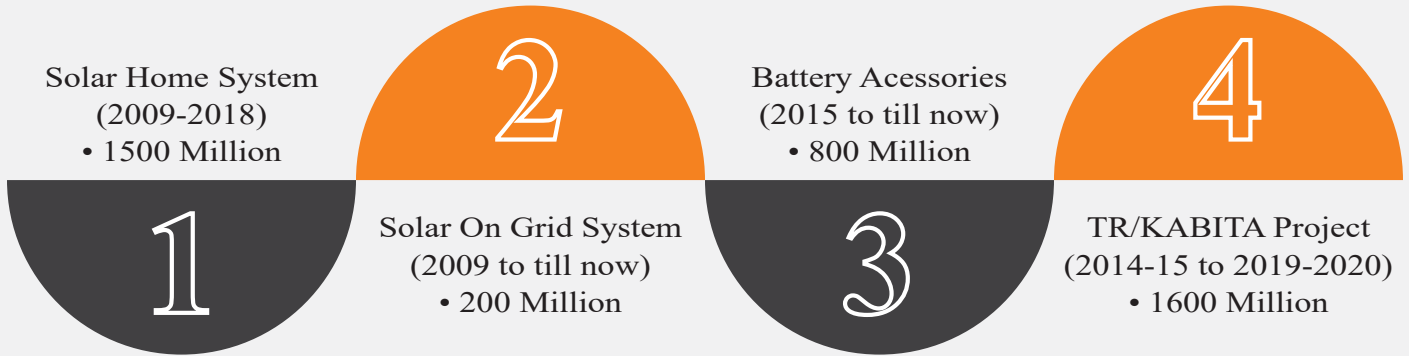

Mission

We keep and provide the best quality, services, ideas and also delivering happiness to customers, employees, and vendors.

Vision

Provide Eco-friendly electricity is the vision of Rimso Foundation.
